DOCKET NO. _____

APPLICATION OF GEORGIA BUSINESS NET TELECOMMUNICATIONS, LLC

GEORGIA BUSINESS NET TELECOMMUNICATIONS, LLC (“GABN Tel” or the “Applicant”), hereby applies to the South Carolina Public Service Commission (the “Commission”) for a Certificate of Public Convenience and Necessity, pursuant to S.C. Code Ann. §58-9-280(B), as amended, and the Commission’s Rules and Regulations, authorizing Applicant to provide facilities-based and resold local exchange and intrastate, interexchange telecommunications and data communications services within the State of South Carolina. In addition, Applicant requests that the Commission regulate its local exchange telecommunications services in accordance with the principles and procedures established for flexible regulation in Commission Order No. 98-165 in Docket No. 97-467-C. Pursuant to S.C. Code Ann. §58-9-585 and the general regulatory authority of the Commission, Applicant also requests that the Commission regulate its interexchange service offerings as described below in accordance with the principles and procedures established for

alternative regulation in Commission Order Nos. 95-1734 and 96-55 in Docket No. 95-661-C, and as modified by Commission Order No. 2001-997 in Docket No. 2000-407-C. Applicant further requests, pursuant to R. 103-601(3) of the Rules of the Commission, that the Commission waive the application of certain Commission Rules, as outlined herein.

In compliance with the Commission's Rules and Regulations, the following information is provided.

Fax: (706)860-7597

4. **South Carolina Offices.** Applicant does not maintain, and does not intend to maintain, an office in the State of South Carolina. Accordingly, the Company seeks permission, per Commission Rule 103-610, to keep its books and records at its corporate offices. Applicant's registered agent and address for service of process in the State of South Carolina is: Dr. Samuel Hardy, 9 Fox Creek Dr., North Augusta, SC 29860

5. **Related Billing and Customer Service Information.** Applicant intends to enter into direct billing arrangements with consumers in South Carolina. The charges, based upon the rates which will be set forth in Applicant's tariff, Applicant's name, and its toll free telephone number for customer assistance will appear on all invoices. In addition, consumers may contact Applicant's customer service representatives regarding a broad range of service matters, including: (i) the types of services offered by Applicant and the rates associated with such services; and (ii) problems or concerns pertaining to the consumer's current service. Applicant's customer service representatives will be available to assist consumers twenty-four (24) hours per day, seven (7) days per week.

6. **Geographic Area to Be Served.** Applicant proposes to serve the entire State of South Carolina to the fullest extent permitted by the laws of the State of South Carolina and the orders, rules and regulations of the Commission.

7. **Tariff.** Applicant proposes to offer local exchange and intrastate, long distance services within the State of South Carolina as further described in its proposed tariffs, attached hereto at

Exhibit “C”. Modifications to these tariffs, once approved, shall be made on such notice as is required by the Commission’s rules.

8. **Flexible Regulation of Local Exchange Services.** Applicant requests that the Commission allow Applicant to employ a flexible local exchange rate structure first authorized by Commission Order No. 98-165 in Docket No. 97-467-C. Specifically, Applicant requests that the Commission:

- (a) adopt for Applicant’s local exchange services a competitive rate structure incorporating maximum rate levels with flexibility for Applicant to adjust its rates below the maximum rate levels; and
- (b) permit Applicant’s local exchange service tariff filings to be presumed valid upon filing, subject to the Commission’s right within thirty (30) days to institute an investigation of such filings. At the discretion of the Commission, such filings would be suspended pending further order of the Commission and any such filings would be subject to the same monitoring process as is applied to other, similarly situated carriers.

9. **Alternative Regulation of Business Service Offerings.** Applicant requests that all of its business service offerings be regulated pursuant to the procedures described and set out in Commission Order Nos. 95-1734 and 96-55 in Docket No. 95-661-C, as modified by Commission Order No. 2001-997 in Docket No. 2000-407-C. It is Applicant’s intent by this request to have its business services regulated in the same manner as this Commission has permitted for AT&T Communications of the Southern States, Inc. (“AT&T”). Specifically, Applicant requests that the Commission:

- (a) remove the maximum rate tariff requirements for its business services, consumer card, operator service,¹ private line, and customer network-type offerings;
- (b) presume that the tariff filings for these uncapped services be valid upon filing. However, if the Commission institutes an investigation of a particular filing within seven (7) days, the tariff filing would be suspended until further order of the Commission; and
- (c) grant Applicant the same treatment as AT&T in connection with any future relaxation of the Commission's reporting requirements.

10. **Requested Waiver.** Commission Rule 103-601(3) provides that in “any case where compliance with any of these rules and regulations introduces unusual difficulty or where circumstances indicate that of waiver of one or more rules is otherwise appropriate, such rule or regulation may be waived by the commission upon a finding by the commission that such a waiver is not contrary to the public interest.” As described below, compliance with a particular Commission rule will “introduce unusual difficulty” for the Applicant. Additionally, Applicant asserts that granting the waiver requested herein is “not contrary to the public interest”.

Retention of Records (R. 103-611). Except to the extent that the Rules of the Federal Communications Commission require Applicant to keep certain of its books and records in accordance with the Uniform System of Accounts, Applicant requests that the Commission allow it to keep all other books and records in conformance with Generally Accepted Accounting Principles.

¹ Excepting those operator-assisted calls where a consumer uses a local exchange carrier's calling card to complete calls from locations which have not selected the local exchange carrier as their toll provider. Operator surcharges and per-minute rates for this type of call were capped by Commission Order No. 2001-997, dated November 8, 2001.

III. APPLICANT'S TECHNICAL, FINANCIAL AND MANAGERIAL QUALIFICATIONS

11. **Technical and Managerial Expertise.** Applicant has sufficient technical and managerial ability to provide the service for which authority is requested in this Application. A description of Applicant's management team is attached hereto at Exhibit "D". Applicant or Applicant's affiliates have filed, or are in the process of filing, applications for authority to provide the telecommunications and data communications services described herein throughout the United States. Neither Applicant nor its affiliates have been denied authority to provide intrastate telecommunications or data services in any state and have not been subject to any regulatory penalties for violating state or federal telecommunications statutes, rules or regulations (e.g., slamming).

12. **Financial Capability.** Applicant possesses sufficient financial capability to provide its local exchange and intrastate interexchange telecommunications and data communications services on a continuous basis. Attached as Exhibit "E" are the most current financial statements for the Applicant.

13. **Compliance with Laws.** By submitting this application, and by participating in all proceedings necessary to effect certification, Applicant hereby asserts its willingness and ability to comply with all rules and regulations that the Commission may impose subject to South Carolina law as now or hereafter enacted, including participation in the South Carolina Universal Service Fund. Accordingly, by this application, Applicant seeks such approval and authority as may be required for Applicant to provide local exchange and intrastate, interexchange voice and data services throughout the entire State of South Carolina.

14. **Procedure for Verifying Customer Ordered Changes.** Applicant intends to comply with

all state or federal telecommunications statutes, rules or regulations governing the processing, verification and implementation of customer-ordered changes.

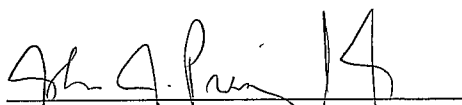

IV. ARGUMENT IN SUPPORT OF APPLICATION

15. **Public Interest, Convenience and Necessity.** Commission approval of the matters described in Applicant's Application is in the public interest. Grant of Applicant's request for authority to provide the telecommunications and data communications services described herein will increase competition for consumers of such services within the State of South Carolina. Competition, in turn, will encourage efforts by other certificated telecommunications providers to broaden the range of choices for South Carolina consumers of local exchange and long distance voice and data services. Applicant submits that, based on the information supplied herein, its proposed service offerings will provide South Carolina consumers with high quality telecommunications and data communications products and services at reasonable rates while encouraging innovation and efficiency among all providers of such products and services in the state.

WHEREFORE, Applicant respectfully requests that the Commission:

- (1) Issue a Certificate of Public Convenience and Necessity authorizing it to engage in the provision of facilities-based and resold local exchange and intrastate interexchange telecommunications and data communications services within the State of South Carolina (as described in this Application); and
- (2) grant any other and additional relief that the Commission may deem just and proper.

Respectfully submitted:
